

Petition against the Home Depot "Invasion"

We the undersigned, oppose another Home Depot for San Fernando Road. Furthermore, we support the Interim Control Ordinance (ICO) currently in place for the Fletcher Square area and an incoming Community Design Overlay Zone which limit BIG BOX development and encourage other uses along this corridor. We support the spirit and intent of the Northeast Community Plan, which guides all development toward the creation of pedestrian friendly shopping areas, and community based design standards that reinforce unique identities of said neighborhoods. A third Home Depot within a few miles of two others, flies in the face of that objective.
